

# Dutch newcomer ROBINE releases powerful debut single FROM YOU - a hymn for survivors of toxic relationships

POP / SOUL - Independent release - Oct. 7<sup>th</sup>

Groningen (NL) based singer ROBINE was long considered an insider tip in the Dutch music landscape. Her strong soulful voice and emotional performances got her very early attention from top players in the industry. She starred in **De Wereld Draait Door** and **RTL Boulevard with Alain Clark** (Dutch TV), was in the **finals of The Voice Kids**, sang for 20.000 people at the **FC Groningen soccer stadium**, played major events with **Candy Dulfer**, toured in **China and Europe**, is a regular guest at **Club Dauphine** in Amsterdam and had a number of performances at **RTV Noord**. But in a demanding, often painfully superficial industry, she never felt able to express her true self.

*Until now.*

With the release of her debut single FROM YOU, ROBINE proves herself worthy of high expectations while sharing a deeply personal story of struggling to escape from a relationship with a person with a narcissistic personality disorder. The song, written by ROBINE and produced with the help of Elisha Amonoo-Neizar (EAN Music), reflects ROBINEs drive and her power to turn vulnerability into strength. „I hope to inspire other people that suffer from these kinds of relationships. I want to show that they are not alone. And that they are strong too.“

FROM YOU will be available on all streaming services starting the 7<sup>th</sup> of October, the music video will follow two weeks later. ROBINEs journey is only just beginning. An EP with her songs is planned to be released in 2023.
